Spelling and Sight word activities

Dear Parents/Caregivers,
Here are some extra ideas that you may wish to do with your child during the week with their spelling or sight words. These are not compulsory activities however if you are wanting to carry out other activities with your child during the week here are some alternative suggestions.

- Use a wide paint brush and a bucket of water and paint the words outside on the ground.
- Use shaving cream, spray it on a bench top and finger write the words. (You can even add in some food colouring for colour!)
- Cut letters out of magazines and make your words.
- Put your words into fun sentences.
- Put your words into a word find and ask somebody to locate your words.
- Write them in story and then share it with a friend.
- Make your words on the ground with long pieces of wool.
- Make the words with Lego
- Look, Cover, Write, Check

Kind regards,
Mrs Tania Bauerochse
